

Arenzyra PUBG MOBILE Tournament Platform Collaboration Request

Prepared: May 15, 2026

This document is for the PUBG MOBILE Esports **Tournament Platform Collaboration Request** contact form, not a single tournament license application.

The contact form fields checked on the PUBG MOBILE Esports license page are:

- Tournament Platform Name
- Tournament Platform Website Link
- Country
- Contact Email
- Introduction About Your Company

1. Contact Form Copy/Paste

Tournament Platform Name:

Arenzyra

Tournament Platform Website Link:

<https://arenzyra.com>

Country:

Bangladesh

Contact Email:

contact@arenzyra.com

Introduction About Your Company:

Arenzyra is an esports tournament operations and broadcast control platform built to help organizers run competitive events from one managed workspace. The platform supports organizer onboarding, tournament setup, teams, slot lists, match control, OCR-assisted result review, Discord workflow updates, and OBS-ready broadcast widgets for standings and post-match results.

We are contacting PUBG MOBILE Esports to request tournament platform collaboration, not a one-event license application. Our goal is to explore whether Arenzyra can become a partnered platform where approved PUBG MOBILE tournament organizers can upload tournament details, manage teams and matches, review results, publish broadcast widgets, and prepare required event reporting in a structured workflow.

Arenzyra is live at <https://arenzyra.com>, with public terms, privacy, contact pages, and an official contact email at contact@arenzyra.com. We are ready to follow PUBG MOBILE Esports platform requirements, brand rules, data rules, reporting requirements, and technical validation steps.

2. Shorter Form Version

Use this if the form has a small text limit:

Arenzyra is an esports tournament operations and broadcast control platform for organizers and production teams. It supports tournament setup, teams, slot lists, match control, OCR-assisted result review, Discord workflow updates, and OBS-ready standings/post-match widgets. We are requesting PUBG MOBILE tournament platform collaboration so approved licensed organizers can use Arenzyra to upload tournament details, manage operations, review results, and prepare event reporting. Website: <https://arenzyra.com>. Contact: contact@arenzyra.com.

3. Collaboration Position

Request type:

Tournament platform collaboration

Not this:

Single tournament license application

Goal:

Become or explore becoming a partnered platform for licensed PUBG MOBILE tournament organizers.

How Arenzyra would help:

- Licensed organizers upload tournament details into Arenzyra.
 - Arenzyra creates tournament structures, stages, groups, matches, teams, and slot lists.
 - Operators run match control and result review in one dashboard.
 - OCR-assisted result capture helps convert screenshots into reviewable results.
 - Results are not final until an authorized operator reviews and applies them.
 - Discord workflows can post slots, results, and updates to official event channels.
 - OBS-ready widgets can support standings, rankings, post-match graphics, and broadcast output.
 - Event data and reporting assets can be prepared for post-event submission.
-

4. Company Profile

Company / platform name:

Arenzyra

Applicant / contact person:

Md Mohoshin Sheikh

Website:

<https://arenzyra.com>

Official email:

contact@arenzyra.com

Platform category:

Esports tournament operations and broadcast control platform

Current status:

Live web platform with public website, login, organizer application path, terms, privacy, contact page, Discord workflow support, OCR result review workflow, match control, and broadcast widgets.

Public links:

- Home: <https://arenzyra.com>
- Login: <https://arenzyra.com/login>
- Organizer access: <https://arenzyra.com/apply>
- Terms: <https://arenzyra.com/terms>
- Privacy: <https://arenzyra.com/privacy>
- Contact: <https://arenzyra.com/contact>

Core capabilities:

- Tournament management
- Organizer access workflow
- Team and player management
- Slot list management
- Match control
- Manual and OCR-assisted result review
- Discord result and event workflows
- OBS-ready broadcast widgets
- Post-match ranking widgets
- Sponsor and production graphics workflows
- Role-based access and organization workspaces

5. Why This Collaboration Is Useful

Arenzyra can help PUBG MOBILE Esports and licensed tournament organizers by providing a structured operating layer for community and third-party events.

Benefits:

- Faster tournament setup for approved organizers.
- More consistent team, slot, and match data.
- Operator-reviewed result publishing.
- Cleaner broadcast output through web widgets.
- Reduced manual work for Discord announcements and result posts.
- A clear workflow for screenshot evidence, result review, and final publishing.
- Public legal and contact pages for platform accountability.
- A path to support event reporting requirements after tournaments finish.

6. Requested Support From PUBG MOBILE Esports

Arenzyra would like to discuss:

- Requirements to become a partnered tournament platform.
 - Technical validation steps for approved platform partners.
 - Any available integration/API documentation for licensed tournament workflows.
 - Match ID, result reporting, and after-report expectations for platform partners.
 - Brand, naming, and compliance requirements for a third-party platform.
 - Data handling requirements for teams, players, match results, screenshots, and reports.
 - Whether Arenzyra can be listed or considered as a partnered platform after review.
-

7. Compliance Statement

Arenzyra will not claim to be an official PUBG MOBILE, Tencent, KRAFTON, Level Infinite, or LIGHTSPEED partner unless written approval is granted.

Arenzyra will support only compliant workflows for PUBG MOBILE events and will follow PUBG MOBILE Esports requirements for platform usage, tournament license conditions, sponsor restrictions, naming restrictions, brand use, player data, match reporting, and applicable law.

Arenzyra can include clear notices that tournament events are operated by the organizer and are not operated by PUBG MOBILE, Tencent, KRAFTON, or their affiliates unless separately approved.

8. Recommended Upload Assets

If the contact form allows attachments or if PUBG MOBILE replies asking for materials, prepare these:

1. Company profile PDF

- Use this document's PDF version.

2. Arenzyra logo

- Source candidate: `apps/arenzyra-web/app/icon.png`

3. Homepage screenshot

- Page: <https://arenzyra.com>

4. Login/control room screenshot

- Page: <https://arenzyra.com/login>

5. Organizer application screenshot

- Page: <https://arenzyra.com/apply>

6. Terms and privacy screenshots

- Pages: <https://arenzyra.com/terms> and <https://arenzyra.com/privacy>

7. Match control screenshot

- Show teams, slot list, match state, kills/placements, and review controls.

8. OCR result review screenshot

- Show uploaded result screenshot, parsed teams, player kills, review, and apply step.

9. Discord workflow screenshot

- Show Arenzyra official Discord result or event workflow.

10. Broadcast widget screenshot

- Show the web app pro sidebar match ranking / post-match widget.

11. Short demo video

- 2 to 3 minutes showing: create event, add teams/slots, review OCR result, apply result, publish widget.

12. Platform security and data note

- Brief note explaining role-based access, review-before-publish results, privacy page, and contact email.

9. Follow-Up Email Template

Subject:

Tournament Platform Collaboration Request - Arenzyra

Message:

Hello PUBG MOBILE Esports Team,

I am contacting you on behalf of Arenzyra regarding the Tournament Platform Collaboration Request shown on the PUBG MOBILE Esports license page.

Arenzyra is an esports tournament operations and broadcast control platform. We are not applying for a single tournament license in this message. We would like to explore whether Arenzyra can collaborate as a tournament platform for approved PUBG MOBILE tournament organizers.

Arenzyra helps organizers manage tournament setup, teams, slot lists, match control, OCR-assisted result review, Discord workflows, and OBS-ready broadcast widgets. The platform is live at <https://arenzyra.com>, and our official contact email is contact@arenzyra.com.

We would like to understand the requirements for becoming a partnered platform, including technical validation, platform rules, reporting requirements, data requirements, brand usage rules, and any available integration or API guidance for approved platform partners.

Thank you,

Md Mohoshin Sheikh

Founder / Operator, Arenzyra

contact@arenzyra.com

10. Pre-Submit Checklist

Before submitting the contact form:

- Confirm Bangladesh is the correct applicant/platform country.
- Confirm the contact person is Md Mohoshin Sheikh.
- Confirm `contact@arenzyra.com` is working.

- Make sure the website links open correctly.
 - Do not mention "official partner" as a current status.
 - Do not present this as a single event license application.
 - Keep the request focused on platform collaboration.
-

11. Official Page Checked

PUBG MOBILE Esports license page:

<https://esports.pubgmobile.com/#/license>

Observed collaboration section:

"If you are a tournament platform and would like to seek for collaboration, reach out to us."
